- Total project cost was \$776,210.31. \$690,000 funded by Measure X

Before

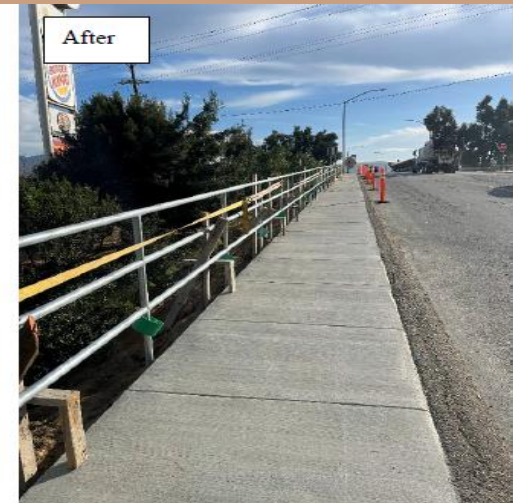

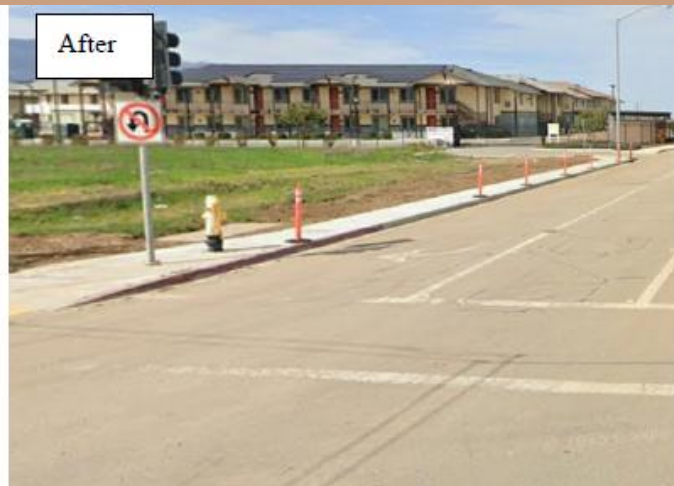

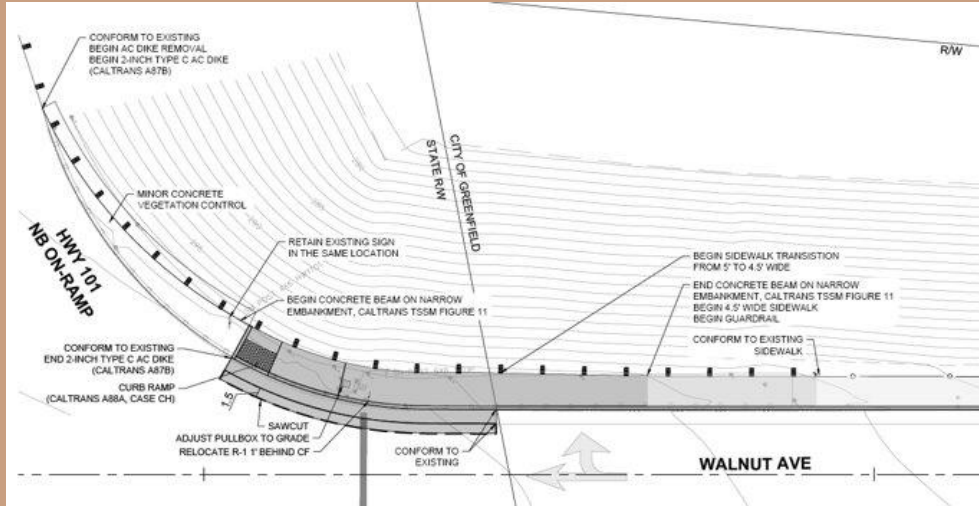

After

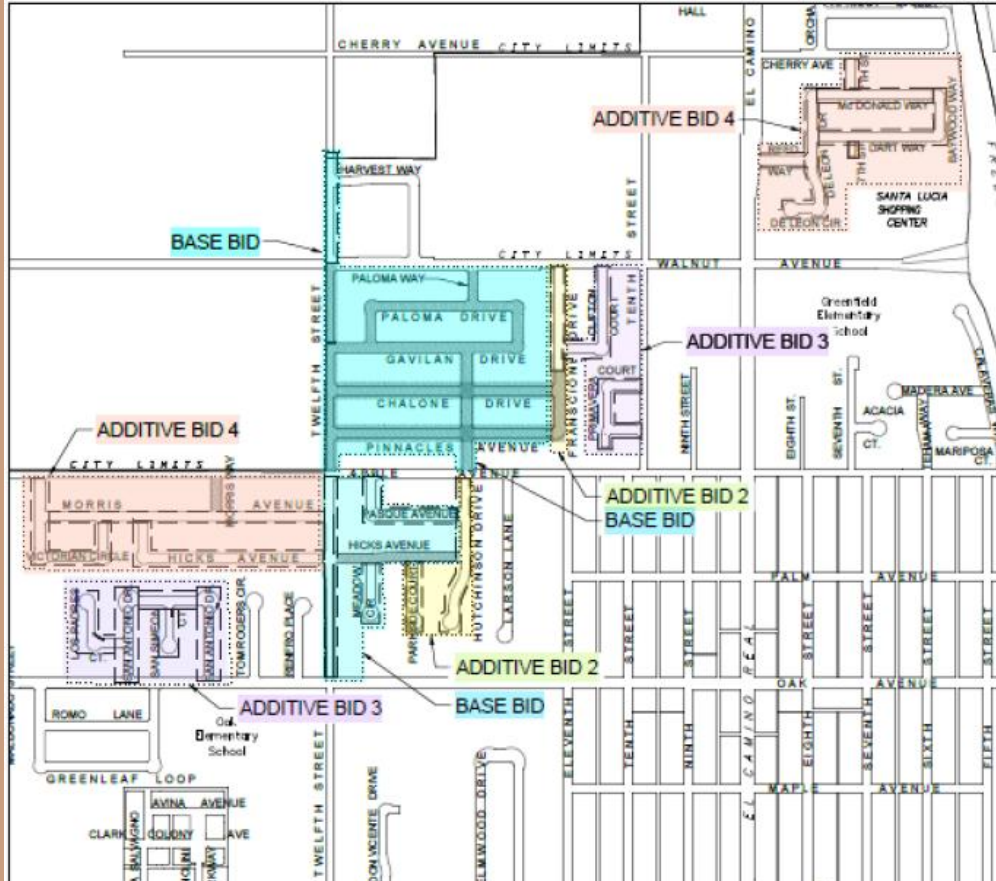

FY 25/26

- Walnut Ave. Pedestrian and Bike Improvements Project - \$50,000 funded by Measure X.

The project installed sidewalk and ADA ramps on Walnut Ave, connecting the East and West sides of the City over Hwy 101.

- Street rehabilitation project – various roads throughout the City - \$500,000 funded by Measure X.

This project will consist of the additive bids that were not completed in that last pavement project, including but not limited to:

- Various grind and overlays
- Type II slurry seal
- R&R pavement markings
- Leveling courses
- Small amounts of R&R sidewalk, curb & gutter

FY 27/28
