BACKGROUND

The Transportation Agency for Monterey County (“TAMC” or the “Agency”) is a state-designated public agency with regional transportation planning responsibilities, including rail planning, that cross city-county boundaries. TAMC is committed to planning, funding, and delivering transportation projects for the region. The Agency is also committed to providing information to the public about its projects, plans, and activities, ensuring public participation and fostering public understanding of its functions.

TAMC’s Board of Directors includes twenty-three members who consist of local officials from each of its twelve incorporated cities and five county supervisorial districts, and ex-officio members from six public agencies. The mission of TAMC is to proactively fund and plan a transportation system that enhances mobility, safety, access, environmental quality, and economic activities by investing in regional transportation projects for Monterey County residents, businesses, and visitors.

PROJECT DESCRIPTION

The Monterey County Rail Extension Project will extend passenger rail service from Santa Clara County south to Salinas. TAMC is pursuing a phased implementation of the Project. The Kick Start Project has wrapped up construction of Package 1, improvements at the Salinas train station. The layover facility (Package 2) and Gilroy track improvements (Package 3) are now in final design. This request for proposals will be used by TAMC to select a consultant or consultant team to assist with the geotechnical drilling in Gilroy and Salinas in advance of the construction of Package 2 of the Monterey County Rail Extension project.

Attachment A is a draft Scope of Work, including proposed schedule and engineers’ estimate. A final Scope of Work, schedule, and budget will be made part of the professional services agreement between TAMC and the consultant. A copy of the standard TAMC agreement anticipated to be utilized is **Attachment B**. Any requests to modify the standard contract provisions must be made as part of the request for proposals. A single document will be prepared between the Consultant and TAMC consistent with the provisions of these attachments.

It is important that the consultant or consultant team has the capability to work closely with Agency staff. The consultant or consultant team must be prepared to undertake whatever liaison and meetings are required to satisfy this requirement. TAMC will administer the consultant contract and be the primary contact.

PROJECT BUDGET

The estimated budget for this work is \$47,630 in Traffic Congestion Relief Program (TCRP) funds. There is no federal funding on this project.

PROJECT SCHEDULE

This project is anticipated to take approximately two months to complete, starting in December 2025 and being completed by February 2026.

SELECTION PROCESS

TAMC will establish a review committee to review the proposals. This review may be followed by an oral interview between a review committee and the firm(s) that respond(s) best to the RFP. Based on the recommendations of the review committee, TAMC staff will issue a "Notice of Intent to Award" notice to all responders, indicating staff's intent to negotiate with the specific firm considered to be the most qualified consultant or consultant team.

Staff will then attempt to negotiate a final Scope of Work and a Budget for the project with that firm. The final Scope of Work will include a full description of each task, a description of deliverable products, and a schedule of the due dates for the deliverable products and other important milestones. The Budget shall include an estimated cost per task and use the appropriate Caltrans cost proposal format. Upon successful completion of negotiations, the consultants or consultant teams will be recommended to the TAMC Board for final selection and contract approval.

Should the most qualified consultant or consultant team and TAMC fail to successfully negotiate a final scope of work and a mutually agreed upon budget for these consulting services, then TAMC reserves the right to enter negotiations with the next most qualified candidate for performance of the work.

Further, the Agency may, or may not, also negotiate contract terms with selected proposers prior to award, and expressly reserves the right to negotiate with several proposers simultaneously and, thereafter, to award a contract to the proposer offering the most favorable terms to the Agency. Proposals submitted should contain the proposers' most favorable terms and conditions, because the selection and award may be made without further discussion with any proposer. The Agency will submit the proposal considered to be the most responsive and competitive to the Board of Directors for consideration and selection. The Agency reserves the right to accept or reject any and all submitted proposals, to waive minor irregularities, and to request additional information or revisions to offers, and to negotiate with any or all proposers

at any stage of the evaluation. TAMC may use their discretion to choose the bid that presents the greatest value to the Agency after all evaluation criteria are considered.

MINIMUM QUALIFICATIONS

The selected consultant can be a firm, a consortium of firms or an individual, but must demonstrate to TAMC’s satisfaction the following qualifications:

Knowledge of and experience with:

- a. Geotechnical drilling best practices
- b. Familiarity with permitting requirements from the County of Monterey and the Santa Clara Valley Water District.
- c. Familiarity with Union Pacific Railroad (UPRR) Right of Entry and UPRR Safety Training requirements.

Demonstrated ability and adequate resources to:

- a. Complete the Scope of Work by specified deadlines
- b. Communicate effectively with TAMC’s design consultants and other members of the project team
- c. Effectively manage sub-consultants and/or technical staff
- d. Prepare clearly written documentation.

The evaluations will be based upon the following criteria:

TAMC staff will review the proposals for adherence to the minimum qualifications and inclusion of the items requested in this Request for Proposals. Proposers failing to meet the minimum qualifications will not be considered. Any proposal that does not include enough information to permit the evaluators to rate the proposal in any one of the evaluation criteria listed below will be considered non-responsive and will not be evaluated. A proposal that fails to include one or more items requested in the Proposal Format may be considered complete and generally responsive, if evaluation in every criterion area is possible.

1	<p><u>Firm Profile & Project Team:</u> Do the qualifications of key personnel to be assigned to the project coincide with tasks listed in the Scope of Work? Following the evaluation, the panel may invite for interviews a "short list" of proposers with a reasonable likelihood of being awarded the contract. References will be checked for shortlisted proposers prior to final evaluation. If a proposal is shortlisted, the selected proposers will be requested to make a formal presentation. The evaluation committee will recommend one consultant from those interviewed.

Should interviews be conducted, the factors for scoring the interview will address the same areas as the factors for scoring the consultant proposal. For interviews, the consultant will be asked to prepare a brief 10-minute presentation outlining their experience and work plan approach. The consultant proposal score and interview score will be used for consultant selection, along with consideration of reference checks.

QUESTION & ANSWERS, ADDENDA

This Request for Proposals and any addenda will be posted on the Agency's website (www.tamcmonterey.org). Questions and answers regarding the request for proposals will also be posted on the website. All prospective proposers are responsible for checking the website for any addenda to the Request for Proposals. To receive email notifications of addenda to this Request for Proposals, prospective proposers must submit an email request to the Project Manager.

Attachment A: SCOPE OF WORK AND SCHEDULE

SCOPE OF SERVICES

Contractor will drill and sample a total of nine (9) test borings across two sites, as described below:

- Salinas site: Two borings to depth of about 30 feet, one boring to depth of about 60 feet (see Figure 1).
- Gilroy site: Up to six borings to a depth of about 15 feet (see Figure 2).

Contractor will obtain the required Monterey County and Valley Water boring permits. A TAMC Engineering Representative will work with the Contractor to conduct a site reconnaissance to mark boring locations and will observe drilling of the borings, log the soil encountered, and obtain soil samples for further visual classification and laboratory testing. Borings will be drilled with a hollow stem auger drill rig and will be sampled as follows:

- Approximately every 2.5 feet within the upper 10 feet of the boring and every 5 feet below 10 feet, using Standard Penetration Test and Modified California sampling methods.
- To allow for collecting samples for environmental testing purposes, Contractor will provide clean, unused Modified California liners. Contractor will arrive with decontaminated tooling and perform additional decontamination of drilling and sampling equipment onsite, as needed.
- Assume up to eight (8) Shelby Tube samples will be collected at the Salinas site (clean, unused Shelby Tubes shall be provided by the Contractor).
- Contractor will measure groundwater at the time of drilling (if encountered) using a Contractor-supplied water level measurement device.

Contractor will backfill the borings with cement grout upon completion per Monterey County and Valley Water requirements for the Gilroy and Salinas site, respectively. Contractor will spread drill cuttings onsite near the boring locations.

The borings at the Salinas site will be drilled in an area within the existing TAMC right of way. The Contractor shall obtain right of entry with TAMC. The TAMC Engineering Representative will assist in this coordination.

The borings at the Gilroy site will be drilled in an area with live Union Pacific Railroad (UPRR) tracks. The UPRR right of entry (ROE) will be procured under the Contractor's name, and the Contractor shall acquire necessary railroad flagging protections under the ROE (assume \$1,600 per day for two days). The TAMC Engineering Representative will assist with development and coordination of the ROE permit application including development of necessary exhibits (i.e., boring location maps) needed UPRR ROE permit application. Further, TAMC Engineering Representative will submit the UPRR ROE permit application on Contractor's behalf. All onsite personnel will be required to complete the required UPRR Safety Training prior to accessing the site. Contractor must include costs associated with UPRR Safety Training in their fee proposal.

For the Gilroy site on UPRR property, the Contractor must hire a private utility locating subcontractor to scan boring locations for the presence of underground utilities. Scanning of boring locations shall be done at least seven (7) days in advance of planned drilling operations. Contractor shall provide one person to accompany the private utility locator. At the Gilroy site on UPRR property, the private utility locating will be done under the UPRR ROE permit for the drilling.

TIME FOR PERFORMANCE

The scope of services described above will be performed at a mutually agreeable time in or around December 2025 through February 2026.

If TAMC terminates this Agreement for good cause, TAMC may be relieved of the payment of any consideration to Consultant, and TAMC may proceed with the work in any manner, which it deems proper. Costs incurred by TAMC thereby shall be deducted from any sum otherwise due Consultant.
- (c) The maximum amount for which TAMC shall be liable if this Agreement is terminated is zero (0) dollars.
- (d) It is also mutually understood between TAMC and Consultant that this Agreement may have been written before ascertaining the availability of funds, or appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays that would occur if the Agreement were executed after that determination was made. This Agreement is valid and enforceable only if sufficient funds are made available to TAMC for the purpose of this Agreement. It is mutually agreed that if sufficient funds are not appropriated, this Agreement may be amended to reflect any reduction in funds. TAMC retains the right to direct Consultant immediately to stop work and to terminate this Agreement for convenience, pursuant to Paragraph 7(a) above, in order to address any reduction of funds.
- (e) Termination of this Agreement shall not terminate Consultant's duty to defend, indemnify and hold harmless TAMC, as provided in Paragraphs 9 and 20.

7. Cost Principles and Administrative Requirements.

- (a) Consultant agrees that the contract Cost Principles and Procedures, 48 Code of Federal Regulations (CFR), Chapter 1, Part 31.000 *et seq.*, Federal Acquisition Regulations System, shall be used to determine the cost allowability of individual items.

- (b) Consultant also agrees to comply with federal procedures in accordance with 2 CFR, Part 200, Uniform Administrative Requirements, Costs Principles and Audit Requirements.
- (c) Any costs for which payment has been made to Consultant under this Agreement that are determined by subsequent audit to be unallowable under 2 CFR Part 200 are subject to repayment by Consultant to TAMC.
- (d) Consultants and subconsultants shall maintain accounting systems related to the work to be performed pursuant to this Agreement that conform to Generally Accepted Accounting Principles (GAAP).
- (e) All subcontracts in excess of \$25,000 shall contain the above provisions.

8. Indemnification.

- (a) To the fullest extent permitted by law, including California Civil Code Sections 2782 and 2782.6, Consultant shall defend (with legal counsel reasonably acceptable to TAMC), indemnify and hold harmless TAMC, its officers, agents, and employees, from and against any and all claims, losses, costs, damages, injuries (including injury to or death of an employee of Consultant or its subconsultants), expenses and liabilities of every kind, nature and description (including incidental and consequential damages, court costs, attorneys' fees, litigation expenses and fees of expert consultants or expert witnesses incurred in connection therewith and costs of investigation) that arise out of, pertain to, or relate to, directly or indirectly, in whole or in part, the negligence, recklessness, or willful misconduct of Consultant, any subconsultant, anyone directly or indirectly employed by them, or anyone that they control (collectively "Liabilities"). Such obligations to defend, hold harmless and indemnify TAMC, its officers, agents, and employees, shall not apply to the extent that such Liabilities are caused in part by the sole negligence, active negligence, or willful misconduct of TAMC, its officers, agents, and employees. To the extent there is an obligation to indemnify under this Paragraph, Consultant shall be responsible for incidental and consequential damages resulting directly or indirectly, in whole or in part, from Consultant's negligence, recklessness, or willful misconduct.
- (b) Notwithstanding any other provision of this Agreement, Consultant's obligation to defend, indemnify and hold harmless TAMC shall survive the termination or expiration of the Agreement for a term to include the applicable statute of limitations related to the Consultant's performance pursuant to the Agreement.

9. Insurance.

- (a) Without limiting Consultant's duty to indemnify as set forth in this Agreement, Consultant shall maintain, at no additional cost to TAMC, throughout the term of this Agreement a policy or policies of insurance with the following coverage and minimum limits of liability:
- ✓ Commercial general liability insurance, including but not limited to premises, personal injury, products, and completed operations, with a combined single limit of One Million Dollars (\$1,000,000) per occurrence.
 - ✓ Professional liability insurance in the amount of not less than One Million Dollars (\$1,000,000) per claim and Three Million Dollars (\$3,000,000) in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims made" basis rather than an "occurrence" basis, Consultant shall, upon the expiration or termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the surviving term of Consultant's obligation to defend, indemnify and hold harmless TAMC as set for in Paragraph 9.
 - ✓ Comprehensive automobile insurance covering all motor vehicles, including owned, leased, hired and non-owned vehicles used in providing services under this Agreement, with a combined single limit of not less than One Million Dollars (\$1,000,000) per occurrence.
- (b) All insurance required under this Agreement shall be with a company acceptable to TAMC and authorized by law to transact insurance business in the State of California. Unless otherwise provided in this Agreement, all such insurance shall be written on an occurrence basis; or, if any policy cannot be written on an occurrence basis, such policy shall continue in effect for a period of two years following the date of Consultant's completion of performance hereunder.
- (c) Each policy of insurance required under this Agreement shall provide that TAMC shall be given written notice at least thirty days in advance of any change, cancellation or non-renewal thereof. Each policy shall provide identical coverage for each subconsultant performing work under this Agreement or be accompanied by a certificate of insurance for each subconsultant showing identical insurance coverage.
- (d) Commercial general liability and automobile liability policies shall provide an endorsement naming TAMC, its officers, agents, and employees, as additional insureds and shall further

provide that such insurance is primary to any insurance or self-insurance maintained by TAMC, and that no insurance of any additional insured shall be called upon to contribute to a loss covered by Consultant's insurance.

(e) TAMC shall not be responsible for any premiums or assessments on the policy.

10. Workers' Compensation Insurance. If during the performance of this Agreement, Consultant employs one or more employees, then Consultant shall maintain a workers' compensation plan covering all of its employees as required by Labor Code Section 3700, either (a) through workers' compensation insurance issued by an insurance company, with coverage meeting the statutory limits and with a minimum of One Million Dollars (\$1,000,000) per occurrence for employer's liability, or (b) through a plan of self-insurance certified by the State Director of Industrial Relations, with equivalent coverage. If Consultant elects to be self-insured, the certificate of insurance otherwise required by this Agreement shall be replaced with consent to self-insure issued by the State Director of Industrial Relations. The provisions of this paragraph apply to any subconsultant employing one or more employees, and Consultant shall be responsible for all subconsultants' compliance herewith.

11. Safety Provisions.

- (a) Consultant shall comply with Division of Occupational Safety and Health (CAL-OSHA) regulations applicable to Consultant regarding necessary safety equipment or procedures. Consultant shall comply with safety instructions issued by TAMC Safety Officer and other TAMC representatives. Consultant personnel shall wear hard hats and safety vests at all times while working on a construction project site.
- (b) If applicable to work to be performed by Consultant identified in the Scope of Work (Exhibit A), and pursuant to the authority contained in Section 591 of the Vehicle Code, TAMC has determined that such areas are within the limits of the project and are open to public traffic. Consultant shall comply with all of the requirements set forth in Divisions 11, 12, 13, 14, and 15 of the Vehicle Code. Consultant shall take all reasonably necessary precautions for safe operation of its vehicles and the protection of the traveling public from injury and damage from such vehicles.
- (c) Any subcontract entered into as a result of this Agreement, shall contain all of the provisions of this Section.
- (d) Consultant must have a CAL-OSHA permit(s), as outlined in California Labor Code Sections 6500 and 6705, prior to the initiation of any practices, work, method, operation, or process related to the construction or excavation of trenches which are five feet or deeper.

12. Certificate of Insurance and Taxpayer Identification. Prior to the execution of this Agreement by TAMC, Consultant shall submit a completed federal W-9 form, Request for Taxpayer Identification Number and Certification, and file certificates of insurance with TAMC's Finance Officer evidencing that Consultant has in effect the insurance required by this Agreement. Consultant shall file a new or amended certificate promptly after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify any indemnification provision of this Agreement.

13. Retention of Records/Audit.

(a) For the purpose of determining compliance with Public Contract Code 10115, et seq. and Title 21, California Code of Regulations, Chapter 21, Section 2500 et seq., when applicable and other matters connected with the performance of the Agreement pursuant to Government Code 8546.7, Consultant, subconsultants, and TAMC shall maintain and make available for inspection all books, documents, papers, accounting records, and other evidence pertaining to the performance of the Agreement, including but not limited to, the costs of administering the Agreement. All parties shall make such materials available at their respective offices at all reasonable times during the Agreement period and for three years from the date of final payment under the Agreement. The state, State Auditor, TAMC, Federal Highway Administration (FHWA), or any duly authorized representative of the Federal Government shall have access to any books, records, and documents of Consultant and its certified public accountants (CPA) work papers that are pertinent to the Agreement and indirect cost rates (ICR) for audit, examinations, excerpts, and transactions, and copies thereof shall be furnished if requested. Documents not delivered to TAMC or prepared by subconsultants or by any other party not subject to this Agreement, shall remain the property of the person or entity that prepared them.

(b) Subcontracts in excess of \$25,000 shall contain this provision.

14. Audit Review Procedures.

(a) Any dispute concerning a question of fact arising under an interim or post audit of this Agreement that is not disposed of by agreement, shall be reviewed by TAMC'S Finance Officer.

(b) Not later than 30 days after issuance of the final audit report, Consultant may request a review by TAMC'S Finance Officer of unresolved audit issues. The request for review will be submitted in writing.

(c) Neither the pendency of a dispute nor its consideration by TAMC will excuse Consultant from full and timely performance, in accordance with the terms of this Agreement.

15. Inspection of Work. Consultant and any subconsultant shall permit TAMC, the State, and the FHWA (if federal participating funds are used in this Agreement) to review and inspect the project activities and files at all reasonable times during the performance period of this Agreement including review and inspection on a daily basis.

16. Confidentiality; Return of Records. Consultant and its officers, employees, agents, and subconsultants shall comply with all federal, State and local laws providing for the confidentiality of records and other information. Consultant shall not disclose any confidential information received from TAMC or prepared in connection with the performance of this Agreement without the express permission of TAMC. Consultant shall promptly transmit to TAMC all requests for disclosure of any such confidential information. Consultant shall not use any confidential information gained through the performance of this Agreement except for the purpose of carrying out Consultant's obligations hereunder. When this Agreement expires or terminates, Consultant shall return to TAMC all records, which Consultant utilized or received from TAMC to perform services under this Agreement.

17. Amendments and Modifications. No modification or amendment of this Agreement shall be valid unless it is set forth in writing and executed by the parties hereto.

18. Statement of Compliance/Non-Discrimination.

(a) Consultant's signature affixed herein, and dated, shall constitute a certification under penalty of perjury under the laws of the State of California that Consultant has, unless exempt, complied with, the nondiscrimination program requirements of Government Code Section 12990 and Title 2, California Administrative Code, Section 8103.

(b) During the performance of this Agreement, Consultant and its subconsultants shall not unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (e.g., cancer), age (over 40), marital status, and denial of family care leave. Consultant and subconsultants shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Consultant and subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated there under (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in

CONSULTANT bears the burden to deliver Deliverables, such as Adobe Acrobat Portable Document Format ("PDF") and Microsoft Office files, complying with WCAG 2.1. 21. Independent Contractor. In its performance under this Agreement, Consultant is at all times acting and performing as an independent contractor and not as an employee of TAMC or any of its member jurisdictions. No offer or obligation of employment is intended in any manner, and Consultant shall not become entitled by virtue of this Agreement to receive any form of benefits accorded to employees including without limitation leave time, health insurance, workers' compensation coverage, disability benefits, and retirement contributions. Consultant shall be solely liable for and obligated to pay directly all applicable taxes, including without limitation federal and State income taxes and social security arising out of Consultant's performance of this Agreement.

- (c) Any subcontract in excess of \$25,000 entered into as a result of this Agreement shall contain all the provisions stipulated in this Agreement to be applicable to subconsultants.
- (d) Any substitution of subconsultant(s) must be approved in writing by TAMC's Executive Director prior to the start of work by the subconsultant(s).
- (e) Any work performed by a subconsultant shall be done in conformance with this Agreement, and TAMC shall pay Consultant for the work but not for any markup, including subcontract management, supervisions, administrative and other expenses, or reimbursable costs.

23. Ownership of Data.

- (a) Upon completion of all work under this Agreement, ownership and title to all reports, documents, plans, specifications, and estimates produce as part of this Agreement will automatically be vested in TAMC; and no further agreement will be necessary to transfer ownership to TAMC. Web Content Accessibility Guidelines

The Web Content Accessibility Guidance (WCAG) was integrated into Section 508 of the American with Disabilities Act in January 2018 as the industry standard in accessibility.

Guidance and Success Criteria from the WCAG are organized into the following four principles:

1. Perceivable
 - Provide text alternatives for non-text content.
 - Provide captions and other alternatives for multimedia.

- Create content that can be presented in different ways, including by assistive technologies, without losing meaning.
 - Make it easier for users to see and hear content.
2. Operable
 - Make all functionality available from a keyboard.
 - Give users enough time to read and use content.
 - Do not use content that causes seizures.
 - Help users navigate and find content.
 3. Understandable
 - Make text readable and understandable.
 - Make content appear and operate in predictable ways
 - Help users avoid and correct mistakes.
 4. Robust
 - Maximize compatibility with current and future user tools

A few key aspects that relate to content to be posted onto the TAMC website include:

- Integrating alternative text for images and maps
- Using distinguishable colors and design techniques that are comprehensible for the color-blind
