 Salinas, CA 93901

Re: Pavement Management Program Annual Report Letter

The City of Marina confirms that it has a Pavement Management Program that conforms to the criteria established by the Transportation Agency for Monterey County and included in the Measure X Agreement with the Local Agency. An approved Pavement Management Program must be in place to be eligible for Measure X funds.

The Pavement Management Program utilizes a software system developed by:
 x Metropolitan Transportation Commission StreetSaver, Web-App Version

The system was updated by NCE and contains, at a minimum, the following elements:

- Inventory of all existing pavements under the local agency jurisdiction:
 Centerline miles: 75.28
 Total lane miles (or equivalent units): 149.75
 The last update of the inventory was completed on: 12/02/22
- Average Pavement Condition Index (PCI) 61
- Identification of sections of roadways brought up to acceptable PCI levels for the current year:

Slurry Seal Streets

Street Name	PCI	Street Name	PCI
3 rd Avenue	100	Hilo Avenue	74
