Therapeutic warm water exercise for children and adults with special needs

# TAMC Measure X Annual Grant Report 2018

### **Description of Communities Served**

Kernes Adaptive Aquatics at the Josephine Kernes Memorial Pool in Monterey serves seniors and people with disabilities from throughout Monterey County who require specialized adaptive exercise services. Kernes Pool is the only organization and facility to provide therapeutic aquatic programs for people regardless of type of disability, age, income level or duration of need. Kernes Pool provides up to 10,000 hours of exercise services each year. Currently 48% of Kernes' clients are seniors; 53% have conditions that require full-assistance in the water; 65% are within Monterey County's low and very low income level designations.

Timely and safe transportation to and from regular sessions at Kernes Pool is particularly challenging for seniors and people with disabilities who travel long distances or who have medical conditions that make navigating primary paratransit services challenging. With primary paratransit services, it was not uncommon for clients to spend three or more hours in transit only to miss their appointment and spend three more hours to return home without having received services. In order to secure necessary exercise for their family member, caregivers would often miss a full day's work due to transportation requirements.

The trip subsidy program funded through the TAMC Measure X Grant is making a tremendous difference in the quality of life for these Monterey County residents. Regular exercise for people with disabilities is necessary to maintain maximum mobility, and to mitigate secondary medical conditions such as bed sores, arthritis, diabetes, obesity and heart disease. All income-qualifying seniors and people with disabilities who attend Kernes Pool are now able to receive timely and safe transportation to and from their therapeutic appointments. In turn, being able to participate in regular exercise sessions helps them to maintain optimal health and well-being. Through this grant, clients and their families are able to live more independent and productive lives.

### Summary of Activities: Work Completed and Work Remaining/Ongoing

Kernes Adaptive Aquatics has fulfilled all to-date project tasks to provide ongoing client transportation support as follows:

- Develop Transportation Program Protocol (attached)
- Develop Transportation Program Forms (attached):

- a. Client Application Form
- b. Client Information Form
- c. Client Attendance Form
- Develop an agreement and accounts payable with the transportation service provider.
- Establish the service needs of income-qualifying clients.
- Administer program and service request applications to clients.
- Set up transportation accounts for participating clients.
- Assist clients and the transportation company with scheduling and service requirements.
- Maintain program records and conduct Quarterly Reporting

The following tasks are from the Measure X Funding Agreement:

Pictures of Kernes TAMC Measure X Grant Recipient

This client and his mother travel between Soledad and Monterey two times each week to attend Kernes Pool. Due to his condition, this is his only opportunity for physical movement.

## **Kernes Adaptive Aquatics TAMC Measure X Transportation Program Protocols**

Transportation services to and from the Josephine Kernes Memorial Pool (JKMP) is available for clients who are low-income and under served through other transportation services. Kernes Adaptive Aquatics (KAA) Transportation Program is funded through the Monterey County Measure X Senior & Disabled Transportation Program grant. This is a three-year grant to assist clients with limited transportation options to attend their aquatic therapy and rehab sessions at JKMP.

To begin the process and participate in the transportation program, two documents must be completed and submitted to the Program Manager by the client. The first document is the 'Kernes Transportation Request Application' form that clients will use to qualify for the transportation service. The second document is the 'Kernes Transportation Service Requirement' form which provides KAA and the transportation company with specialized ride requirement information to comfortably adequate serve the client's needs.

## **Roles and Responsibilities**

Grant Administrator Responsibilities:

- Supervise program costs and accounts payable.
- Submit quarterly grant reports, program documentation, and expenditure requests.

# Program Manager Responsibilities:

- Qualify clients based on income eligibility, transportation challenge, and attendance.
- Identify an appropriate and reliable transportation company to meet client needs.
- Review submitted *'Kernes Transportation Services'* form and the *'Kernes Transportation Requirement Services'* form for completion and accuracy.
- Coordinate with the transportation company to arrange the standing appointment day and time for each participant, and provide information of specialized needs; such as a wheelchair accessible van.
- Facilitate the process to ensure that transportation services are scheduled and that the program is operating efficiently.
- Maintain a Client Transportation Log listing the dates transportation services were provided for the client.
- Reconcile the Client Transportation Log with the Client Attendance Record.
- Request monthly invoices from the transportation company.
- Reconcile the Client Transportation Log with the transportation company's invoices.
- Identify and resolve discrepancies with invoices to ensure accurate billing.
- Provide the Grant Administrator with information needed for grant reporting.

Client Services Coordinator Responsibilities:

- Explain the program to the clients and help them complete the necessary forms. Discuss an appropriate transportation time with the client.
- Provide the Program Manager with the clients scheduled transportation time.
- Inform the client that if an aquatic therapy session is cancelled for any reason, it is the client's responsibility to notify the transportation company that the need for transportation service on that day is not required.
- Provide the client with assistance when facing a challenge with the transportation program and notify the Program Manager.
- Ensure that accurate client attendance records are maintained.
- Assist the Program Manager with information needed for grant reporting.

Transportation Company Responsibilities:

- Provide outstanding transportation services and quality customer care.
- Coordinate transportation needs with the Kernes Program Manager.
- Ensure that transportation is provided for clients' standing weekly appointments to and from the pool.
- Provide accurate monthly invoices to the Program Manager for services provided to clients

## Kernes Adaptive Aquatics TAMC Measure X Transportation Service Requirement

Transportation services to and from the Josephine Kernes Memorial Pool are available to clients who are low-income and underserved through other transportation services. Kernes Transportation Program is funded through a Monterey County Measure X Senior & Disabled Transportation Program grant.

#### **Special Service Requirement**

To complete this form, provide your contact information and special needs requirement. You will also need to include information about the pick-up location and destination. A comments section is provided for your use to specify any additional request you may need. It is the client's responsibility to contact Kernes Adaptive Aquatics, as well as the transportation service company, to cancel scheduled aquatic therapy appoint and transportation service for that day.

#### **Directions:**

- 1.) Print all sections clearly and completely.
- 2.) Sign and date.
- 3.) Submit this form to the Program Manager.
