

For TAMC Board 26 Feb 2026 RTP Process Response

Dear Board Members

Following the RTP Public Hearing for comments on the 2026 RTP, which was an item on the January TAMC Board Meeting Agenda, it is not clear to me what the timetable is for submission of the formal final RTP to CTC.

Since the Public can only make comments at the Board meeting, and not ask questions and get direct answers, I am hoping that one, or some of you, will be able to ask the questions in open forum, or supply me with the answers.

I have checked on the TAMC web site and the only published information relates to the notice that the Public Hearing will be held , date location etc.

Could you therefore please let me know answers to the following:

1. Will all public comments be included in the final document?
2. When will the final version be published and where will it be available for public viewing.. I assume on TAMC web site??
3. What date will/was the final RTP sent to CTC??
4. Will the public be made aware of any comments that the CTC have regarding the RTP?
5. When will the State RTP be published?

Best Regards

Barry
