**Subject: Pavement Management Program Annual Report Letter**

Dear Mr. Muck,

The City of Monterey confirms that it has a Pavement Management Program that conforms to the criteria established by the Transportation Agency for Monterey County and included in the Measure X Agreement with the Local Agency. An approved Pavement Management Program must be in place to be eligible for Measure X funds.

The Pavement Management Program utilizes a software system developed by:

Metropolitan Transportation Commission StreetSaver  
 Other \_\_\_\_\_

The system was updated by the City of Monterey and contains, at a minimum, the following elements:

- Inventory of all existing pavements under the local agency jurisdiction:  
Centerline miles: **102.92**  
Total lane miles (or equivalent units): **222.54**  
The last update of the inventory was completed on: **January 30, 2024**
- Pavement Condition Index (PCI): **80**
- Identification of sections of pavement needing maintenance, rehabilitation, or replacement:  
Total lane miles (or equivalent units) **204.84** (PCI < 90)
- Estimated budget needs to rehabilitate or replace deficient sections for the current year and the next three years: **\$92,998,056 (Unconstrained Needs)**

You may direct any questions regarding the system to Andrew Easterling, P.E., City Engineer, at (831) 242-8752.

Sincerely,

DocuSigned by:
