SUPPLEMENTAL QUESTIONS

TRANSPORTATION ENGINEER Associate - Principal Levels

Instructions:

Invitations to participate further in the hiring process will be based on an evaluation of your application, the response to these questions, your resume and cover letter. Applications received without a Supplemental Questions Response will not be considered. Failure to provide a complete response to any of these required questions will eliminate you from further consideration. Please number your responses and address each question separately. Include your name and the title of the position for which you are applying at the top of each page submitted.

-
1. Describe your work on a project that demonstrates your project management experience. Discuss the hurdles to project delivery and how you overcame them. Explain how you worked with the public to convey the project need, get input on the proposed solution, and obtain support for the final design.
 2. Give an example of a project in which you utilized Complete Streets principles (i.e. roundabouts, enhanced pedestrian crossings, bike safety features) in a roadway project. How did you assess the location and determine which features would be most beneficial? Which features were included? How did you obtain support from the public and elected officials?
