4. Complete Streets Assessment and Guidelines – Green

1. **RECOMMEND** that the TAMC Board approve draft list of complete streets projects for inclusion in the Regional Transportation Plan; and

2. **DISCUSS** complete streets policy and guidelines.

The Transportation Agency conducted a countywide complete streets needs assessment to inform the development of the Regional Sustainable Communities Strategy and 2014 Regional Transportation Plan. Using the findings from the needs assessment staff worked with jurisdictions and interested members of the public to develop a draft list of complete streets projects focused on improving safety and comfort for pedestrians, bicyclists and transit riders.

Complete streets guidelines will include policy and best engineering practices that can be adopted by local jurisdictions to comply with California Complete Streets Legislation (AB 1358). The guidelines will also include a phasing plan of complete streets projects identified in the needs assessment and process for evaluating multimodal project alternatives.
